

The grid world environment is a 41x41 grid. The start state is at (1,1) and the goal state is at (41,41). The path is shown in green, starting at (1,1), moving right to (1,10), then up to (1,20), then right to (1,30), then up to (1,41), and finally right to (41,41). The obstacles are black squares. The path is shown in green.
